PROJECT 01

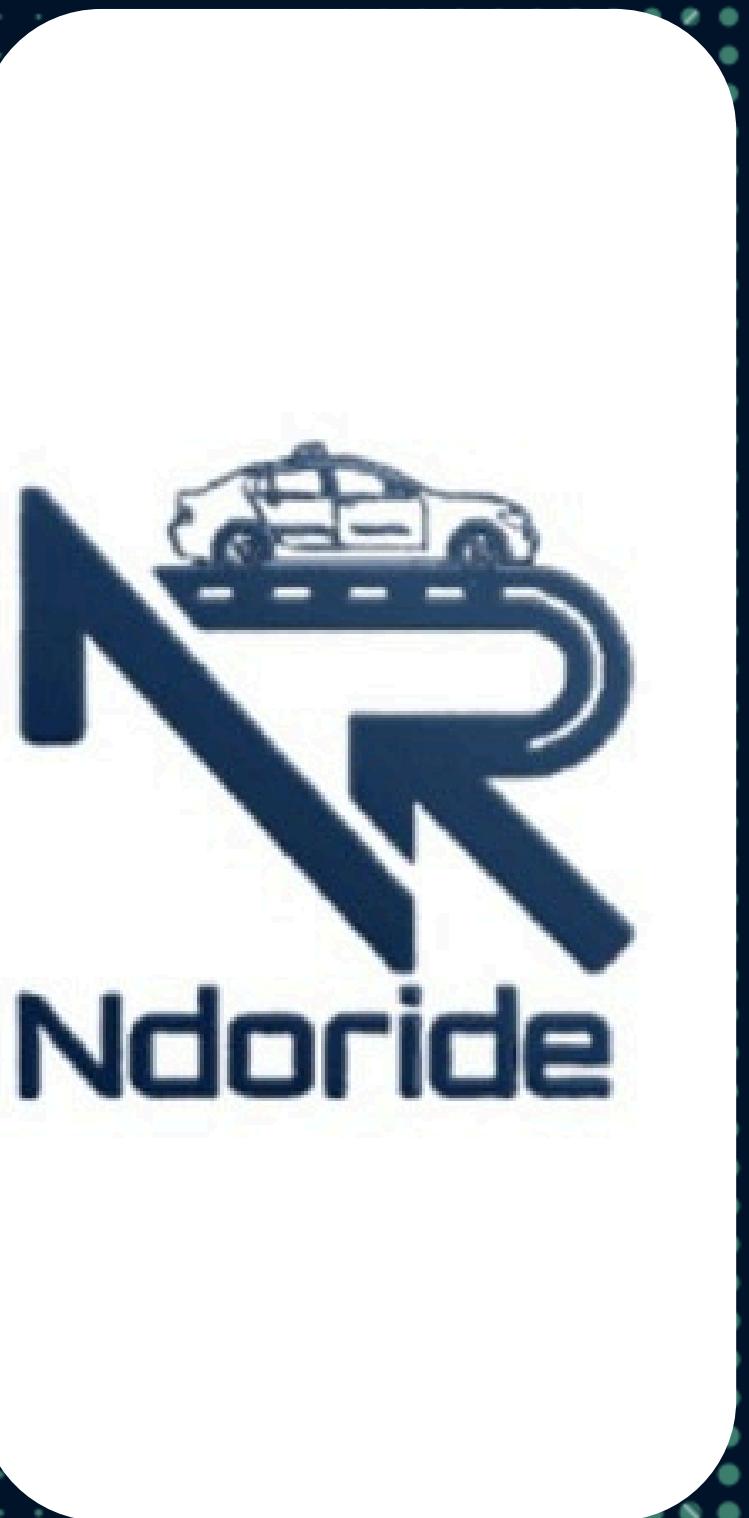

Creative Branding

I am well experienced on Branding, having worked under Vivid Creatives company in Nairobi. I worked as an assistant under the stewardship of Mr. Chris Shiracko for a period of three months in the year 2023. I perfected my experience in Mugs, Hoods and T-shirts branding by creatively designing various Branding artwork such logos.

Project Details

I have designed various logos for various companies and organisations. Examples are; AnnOjFX, Esther Nyasuba Foundation, Ndoride company.

Project Detail

Ndoride company is a company operating within the country and also outside the country. They wanted a billboard banner, and wanted it defined by simplicity in its design. Meeting the needs of the company, this is one of my cherished design projects.

PROJECT 02

Creative Branding

April of 2024 was another month that I got a project that I was so delighted to work on. A giant-to-be company, Seroxide Entertainment company was being launched in Sifa Gardens, Kutus, Kirinyaga county. Major being the most renowned Gengeton musician in the country was to perform. I was so happy when I was asked to design an advert poster for the event.

Project Detail

This was a ministerial poster for Mwea Peoples Church. The church was to have a revival rally and with the need of making it go viral, I was called in for a design.

Project Detail

It was her birthday and a friend wanted to gift her with a magic mug.

A vibrant advertisement for Ndoride. The background features a woman with curly hair and glasses smiling while holding a tablet, with a screenshot of the Ndoride app interface showing a car and booking details. Overlaid on the left are several large, semi-transparent circular graphics in red, yellow, and green. The yellow circle contains the Ndoride logo (a stylized 'NR' inside a circle) and the word 'Ndoride'. The red circle contains the word 'SECURE'. The green circle contains the word 'FAST'. Below these circles, a large red circle contains the text 'BOOK A RIDE' in white. At the bottom left, the website 'www.ndoride.com' is displayed. At the bottom right, there are two download links: 'ANDROID APP ON Google Play' with the Google Play logo, and 'Download on the App Store' with the Apple logo.

Project Detail

This was an advert design for Ndoride company.

They wanted their colours to stand out, and this made me go for the very colours that met their desire and need.

PROJECT 03

Creative Branding

This was my First banner, back then in the year 2022 when Esther Nyasuba Foundation was being launched. Being the first one, I still look at my work with confidence and marvel at what I have achieved so far.

Project Detail

I still look at this and wonder how deliciously you can design a serve plate with a meal that will catch every hungry man's appetite. This was a project for a local hotel in Nakuru city.

Project Detail

So simple but elegant and pristine for in the sight. So compelling is the design that it made people give in to their tempting stomachs.
